## **FIND**

a passage that  
inspires you

Whether it's telling a story, giving sound advice, or expressing a word of praise, there are Bible passages that you admire and would do your heart good to share.

"Speak the Bible using the same natural expressiveness you use to communicate every day."

## **DELIVER**

the intent as well  
as the content

In the time it takes to pass a message along to a friend, you will have expressed a Bible passage in a way that people understand and can take to heart.

Imagine how it would feel to be able to confidently share the Word.

**"YOU CAN DO IT!"**

Only a few people have a great capacity to memorize. Most of us need help. But even forgetful people like us can memorize Scripture if given the right guidance. With our memory process you will make quick progress despite being a mere mortal.

## **UNDERSTAND**

the meaning of the  
message
